

Arnold Schwarzenegger, Governor

STATE CLEARINGHOUSE

NEWSLETTER

January 16 through 31, 2004

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **January 16-31**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003

To: All CEQA Lead Agencies

From: Terry Roberts, Director, State Clearinghouse

Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

**ENVIRONMENTAL DOCUMENT FILINGS

<u>Documents Received on Friday, January 16, 2004</u>			
1999042052	<p>Leona Quarry Project Oakland, City of Oakland--Alameda</p> <p>The City of Oakland previously certified an EIR for the Leona Quarry Project and approved a Zoning Boundary Adjustment (ZBA), Planned Unit Development (PUD), Variances, Vesting Tentative Map (VTM), and Design Review approving a 477 unit residential project. The Alameda County Superior Court has ordered the EIR certification, PUD Permit, Variances, VTM, and Design Review set aside until a subsequent EIR is prepared with regard to hydrological issues, and additional review of geology issues if changes arising out of matters related to hydrology result in changes to the geology analysis in accord with the standards set forth in CEQA Guideline 15162. The City is preparing a Subsequent EIR to comply with this court order.</p>	FIN	
2003051143	<p>Santa Maria Animal Shelter/Public Works Service Center Santa Barbara County --Santa Barbara</p> <p>The proposed project is a request of Santa Barbara County for development of a new Animal Services shelter and Public Works Service Center at Curtis Tunnel Center County Complex. The animal shelter would be a 17,577 square foot one-story animal shelter with a 2,589 square feet interior court for a total area of 20,166 square feet on approximately 5 acres of land. There will be a total of 68 dog kennels including 56 holding or adoption kennels, 12 isolation kennels, and a room for puppies with mothers. There will be a total of 94 cat cages with 42 holding or adoption cages, 20 isolation cages, 20 get acquainted cages, and a room for 12 cats in community rooms. The veterinarian clinic will be able to serve 11 dogs and 20 cats.</p>	FIN	
2003081030	<p>Delano Comprehensive Campus #2 Delano Union School District Delano--Kern</p> <p>The proposed project is the construction and operation of a new high school to serve students within the Delano Joint Union High School District. The proposed school is to be located on a 50- acre site at the northwest corner of 11th Avenue and Hiatt Avenue.</p>	FIN	
2003074003	<p>Susanville Indian Rancheria 875-Acre Property Bureau of Indian Affairs, Sacramento Area Susanville--Lassen</p> <p>The proposed project consists of the conveyance of six parcels totaling 875 acres, contiguous to the existing Upper Susanville Rancheria into federal trust status on behalf of the Tribal Government. The Tribe plans to eventually develop approximately 52 homes (over a period of 20 years), road access and infrastructure.</p>	FON	02/16/2004
2004011069	<p>Lomita Boulevard - Residential Development Torrance, City of Torrance--Los Angeles</p> <p>The project is the development of a 20-acre parcel of land located on the south side of Lomita Boulevard at 2740 Lomita Boulevard. The development would contain a 66-unit senior apartment component; an 87-unit senior condominium complex; 220 units of attached townhomes and an 86-unit detached patio home</p>	NOP	02/16/2004

2002082064	Northstar-at-Tahoe Mountain Improvements Placer County Planning Department --Placer The proposed MIP would involve the components listed below. Ski trails would be smoothed, except Run J16 (between the top of the Overlook/Summit Subdivision Lift and J1) and the Echo/Woods Access Trail, which would be graded. The proposed lift tower locations are approximately and would be determined during the design phase of the project. A minimal increase in impervious surfaces would result from the construction of the proposed project (i.e., from building expansion, the installation of additional lifts and towers, etc.). The proposed project is expected to result in an increase in 10 employees at Northstar-at-Tahoe.	EIR	03/03/2004

2002021120	San Diego Creek Watershed Natural Treatment System Program Irvine Ranch Water District Irvine, Tustin, Lake Forest, Laguna Hills, Laguna Woods, ...--Orange The NTS plan is a watershed-wide system for the natural treatment of storm runoff and dry weather flows generated within the 122 square mile San Diego Creek Watershed and approximately 1.3 square miles of the Santiago Creek Watershed. The NTS plan consists of a system of 31 constructed water quality treatment wetlands. These facilities use wetlands vegetation and take advantage of naturally occurring physical, chemical, and biological processes to treat the runoff and dry weather flows. The natural and man-made drainage features within the San Diego Creek Watershed all drain via San Diego Creek and its tributaries into Upper Newport Bay. These flows then enter Lower Newport Bay on their way to the	EIR	03/29/2004

2004018273	Drainage Diversions and Sewerline Repairs for the Clean Beaches Initiative Project Pacifica, City of Pacifica--San Mateo Diversion of storm water into a wetlands biological treatment system. Slip lining 2 sanitary sewers to prevent leakage into San Pedro Creek and San Pedro Bay.	NOE	
2004018274	Engineering Math Science Remodel Building 800 Yuba Community College District Marysville--Yuba The project will allow reconfiguration of space for more efficient use, provisions for technology to allow current teaching methods to be incorporated, and modernization of the infrastructure for efficient, effective, and safe use.	NOE	
2004018275	Yost Inholding Acquisition Parks and Recreation, Department of --Sacramento Acquisition of approximately 211+/- acres of property within the boundaries of the Prairie City State Vehicle Recreation Area (SVRA), as a buffer area for surrounding properties and for possible future expansion of OHV recreational activities. The property will remain in its existing natural condition, with a continuation of on-going activities, until such time as a management plan or general plan is prepared, including completion of the CEQA/NEPA project evaluation and public review process, and is approved by the OFF Highway Motor Vehicle Recreation Commission.	NOE	
2004018276	Emergency Repairs to Casa Grande Chimney Parks and Recreation, Department of --San Luis Obispo Dismantle the brick cap from the chimney that serves the Morning Room, Billiard Room, and Duplexes in Casa Grande at Hearst San Simeon State Historical Monument (SHM). The unreinforced brick structure was severely damaged during the December 22, 2003 San Simeon earthquake and its construction and degree of damage sustained precludes stabilization and repair as a viable option. The area will be restricted to all unnecessary personnel and visitors during removal and associated repairs. Both natural and cultural monitors will be on-site as necessary throughout the project, in compliance with all the federal, state and local regulations and DPR policies. Prior to dismantling, the structure will be fully documented, including photos and complete working drawings to aid in future reconstruction of the chimney cap. Repair work to the structure following the removal of the chimney cap will be constructed in a manner consistent with the Secretary of the Interior's Standards and the California Historic Building Code.	NOE	
2004018287	Little Dalton Debris Basin Dam Water Resources, Department of, Division of Dams Glendora--Los Angeles Seismic retrofit of spillway walls and intake tower.	NOE

2003041127	<p>U.S. Borax, Owens Lake Expansion Project/Conditional Use Permit #02-13/Reclamation Plan #02-1 Inyo County Planning Department --Inyo</p> <p>U.S. Borax produces between 30,000 and 50,000 tons per year (tpy) of trona at the Owens Lake location. The upgraded facilities would allow increased production to 144,000 tpy, including washed trona, dry sized trona, and calcined trona at 95 percent conversion (i.e., chemically converted through heat). The calcined trona (calcine or soda ash) and a portion of the washed trona would supply U.S. Borax's Boron Operations to reduce the need for purchase from outside sources. The proposed project would also allow Borax to continue selling washed and dried trona directly to commercial customers. Future mining would continue to take place within the existing mining leasehold via the panel-mining method. Project implementation would not increase the area to be mined beyond that already leased.</p>	EIR	03/10/2004
2003042133	<p>Ranch View Terrace University of California, Santa Cruz Santa Cruz--Santa Cruz</p> <p>Construction of 83 residential units for UC faculty and staff, including a community centered circulation and utility improvements, with relocation of an existing bike path. Two temporary UCSC farm plots would be relocated. The EIR also reviews a proposed Habitat Conservation Plan that addresses two special status species (California red-legged frog and Oblone tiger beetle).</p>	EIR	03/10/2004
2003081052	<p>Amendment No. 2 to the Placentia Redevelopment Project Area Placentia, City of Placentia--Orange</p> <p>The proposed project is the amendment to the Redevelopment Plan for the Placentia Redevelopment Project Area. The project is known as Amendment No. 2 to the Redevelopment Plan for the Placentia Redevelopment Project Area (the "Amendment No. 2"). Amendment No. 2 entails two components: 1) the addition of 8.3 acres of developed land to the existing Project Area; and, 2) the reinstatement of eminent domain authority to the Agency on non-residential land within the existing Project Area for an additional 12 years. The purpose of the Project is to eliminate the conditions of physical and economic blight that exist in the entire Project Area through rehabilitation of residential uses and the revitalization and reuse of commercial and industrial properties. This involves the creation of programs to eliminate economic and physical blight, fund infrastructure improvements, and provide economic incentives that will stimulate economic revitalization of the project area. The proposed actions are all being taken in accordance with the provisions of the California Community Redevelopment Law, Health and Safety Code Section 33000, et seq.</p>	EIR	03/10/2004
2003101060	<p>Aliso Viejo General Plan Aliso Viejo, City of --Orange</p> <p>The proposed project analyzed in this Program EIR is the adoption and implementation of the City of Aliso Viejo General Plan. The EIR provides a program-level assessment of the general environmental impacts resulting from the development of land uses and implementation of policies established within the General Plan.</p>	EIR	02/24/2004

<u>Documents Received on Monday, January 26, 2004</u>			
2003121008	State Route 163 Corridor Management Plan Caltrans #11 San Diego--San Diego The proposed project include features to reduce the number and severity of median accidents along SR 163 between A Street and Sixth Avenue Undercrossing, to upgrade existing highway features, and replace landscaping in the scenic highway corridor.	EIR	02/26/2004
2003121058	Polo Community Park Development North Bakersfield Recreation and Park District Bakersfield--Kern Development of a community park with multiple use play fields with tall sports lighting, community center, picnic shelter and family picnic facilities, children's play area with water playground, restrooms, parking for 50+/- vehicles, turf volleyball, walking/logging provisions, basketball court, disc golf, maintenance yard, community center with a double-gym, security lights, landscaping and associated improvements.	FIN	
1999091108	Long Beach Sports Park Long Beach, City of Long Beach--Los Angeles The City of Long Beach is considering development of a pay-for-play Sports Park, youth golf center, and creation of a commercial parcel on the project site. Patron of the Sports Park will be charged for use of the sports facilities.	NOP	02/24/2004
2004011108	Pacific Concourse Project Los Angeles County Department of Regional Planning --Los Angeles Project No. 03-139 is a Conditional Use Permit and other applications to develop 450 residential units (i.e., studios, one, two and three bedroom units) in two apartment buildings. This residential development "Pacific Concourse Apartment" project requests a Zone Change from MPD to RPD, a General Plan Amendment from Low Density Residential to High Density Residential, and an Amendment to the existing Development Agreement (DA) for previously approved CUP 87-060. This proposed apartment complex is located within the previously approved CUP 87-060 "Del Aire Business Park" and is considered in conjunction with 1) an amendment to the DA applicable to the entire 29.8-acre site under multiple ownerships; and 2) a change to existing CUP 87-060 to accommodate the residential request. Following the residential project, 100,000 sq. ft. of commercial space will remain available for development within the non-residential portion of the business park site. This initial study evaluates impacts associated with all above-mentioned actions occurring within the original CUP 87-060 project boundary. An Environmental Impact Report (EIR) was certified in 1988 for the business park project.	NOP	02/24/2004
2004011110	National City Downtown Specific Plan National City National City--San Diego The Downtown Specific Plan Proposes to: 1) encourage private investment to compliment downtown businesses and the existing neighborhood fabric; 2) build on public investment in the Education Center, Chamber of Commerce, Brick Row, Kimball Park, National City Boulevard and the Transit Station; 3) create better links to Kimball Park and the Transit Station from downtown; 4) enhance pedestrian environment and provide public	NOP	02/24/2004

	parking in the downtown core; 5) focus retail in the downtown core; 6) capture potential for neighborhood, food related and especially retail; 7) encourage mixed-use, residential over retail; 8) encourage new infill housing over development to support higher development costs, encourage higher density housing. The Specific Plan will encourage pedestrian emphasis, mixed-use such as residential over retail, improve traffic circulation and parking, connect the downtown with Kimball Park, improve the streetscape along key roadways, and provide design guidelines. Residential densities will range from 40-60 dwelling units per acre and 10-12 story buildings.		
2004011111	Tentative Tract Map No. 31644/Change of Zone No. 06880/Agricultural Preserve No. 00908 Riverside County Transportation & Land Management Agency --Riverside Tentative Tract Map No. 31644 is a Schedule 'A' Map that proposes to subdivide and grade approximately 132 gross acres into 427 residential lots, with a minimum lot size of 7200 square feet. Change of Zone No. 06880 proposes to change the zoning classification of the site A-2-10 (Heavy Agriculture, 10-acre minimum) and W-1-10 (Watercourse, Watershed and Conservation Areas, 10-acre minimum) to R-1 (One Family Dwelling). Agricultural Preserve No. 00908 is a request to diminish the size of the Mira Loma Agricultural Preserve No. 8 by removing 132 gross acres.	NOP	02/24/2004
2004011113	New Vista Dual Magnet High Schools - Highway 76/Melrose Drive Site Vista City Unified School District --San Diego The District proposes to develop two new magnet high schools, sharing one project site and common facilities. The proposed schools would have a combined maximum enrollment capacity of 2,000 students. Project development would include the construction of classrooms, administration areas and offices, vehicle parking area(s), athletic fields (including a football stadium), hardcourts and other amenities common to modern high school design. Access to the site would be provided by the planned future extension of Melrose Drive.	NOP	02/24/2004
2004011114	Friends Christian High School Yorba Linda, City of Yorba Linda--Orange The proposed project consists of a Conditional Use Permit (CUP 2003-77) and Development Review (DR 2003-23) to allow for the development of a new private high school. The high school will serve approximately 1,200 students (grade 9-12) within approximately 45 classrooms. A total of 175,000 square feet of building space within eight buildings is being proposed. A total of 526 parking spaces within two parking lots and 100 overflow parking spaces are being proposed in exceedance of City Code.	NOP	02/24/2004
2004011120	Tidestrom's Lupine Pacific Grove, City of Pacific Grove--Monterey Evaluation of project related activities that resulted in the loss of five Tidestrom's lupine, an endangered plant species for a project involving a remodel and construction of additions to an existing single-family dwelling located in an environmentally sensitive area of the coast zone. 2004018280	Culvert Repair/Replacement Fish & Game #3 --Mendocino Insurance of a Streambed Alteration Agreement Number 1600-2003-5271-3 pursuant to Fish and Game Code Section 1601 for the following project. The project consists of a culvert repair/replacement, culvert extension and placement of rock slope protection (RSP) for energy dissipation. The drainages impact are all unnamed tributaries to Cold Creek. At one site, PM 42.58, the culvert extension will discharge through the bank revetment directly into Cold Creek. At PM 40.04 and 41.11 the culvert and drop inlet will be replaced in-kind and rock placed at the outlet for energy dissipation. At PM 42.53 the culvert will be extended 10.5 meters filling in this area if deeply incised channel. At PM 42.58 the culvert and flared inlet will be replaced and the culvert lengthened 4 meters on the inlet and 2.4 meters at the outlet. Placement of the rip-rap will require trenching of a toe trench up to 3 meters into the bed of Cold Creek. Willow brush layering will be incorporated into the margin of the RSP at this location and in all drainages the culvert outlets.	NOE	
2004018281	Conditional Use Permit Case No. 18, Map No. 206 Kern County Planning Department --Kern Conditional Use Permit to allow a single-family dwelling not accessory to a permitted or conditionally permitted use (Section 19.346.030) in an NR (5) (Natural Resource - 5 acres) District.	NOE

2001021119	PRC-421 Pier Removal California State Lands Commission Goleta--Santa Barbara The project is the removal of a remnant pier structure and associated remnant pilings and debris and construction of bird roosting/nesting platforms in its place offshore of Santa Barbara County. The structure is presently in danger of collapse, and the pier removal will eliminate risks to public safety. However, because the existing structure provides significant roosting/nesting area for the Brandt's cormorant and the state and federal endangered Brown pelican, platforms suitable for use by these species will be constructed at the location of the removed structure.	EIR	03/11/2004
2003021089	Dalidio/San Luis Marketplace Annexation and Development Project San Luis Obispo, City of San Luis Obispo--San Luis Obispo The proposed project, known as the Dalidio/San Luis Obispo Annexation and Development Project, is a development plan that involves the annexation and partial development of 131 acres of property into the City of San Luis Obispo. The near term activity would involve the development of a portion of the annexation area with a 635,200 square foot retail complex (San Luis Marketplace), as well as a 150-room hotel, and establishment of a permanent open space area. Urban infrastructure to support this component would also be included in the near term. Infrastructure requirements include roads, water and wastewater conveyance systems, and stormwater conveyance systems. Long-term plans for the site would include development of approximately 198,000 square feet of business park uses.	EIR	03/11/2004

	include construction of a 149,551 square foot, single story masonry block building and a surface parking facility with 763 stalls. Phase II will include a 66,693 square foot, single story expansion of the 149,551 square foot building. Phase II will be constructed using the same building materials and, based upon the parking ratio of 5.05 stalls per 1000 square feet of building, will include an expansion of the existing parking facility to include an additional 329 parking stalls. Phase III will provide for the construction of the free standing fueling station.		
2004022013	Phase Two Expansion of the Modesto Regional Water Treatment Plant Modesto Irrigation District Modesto--Stanislaus The proposed project involves the construction of the MRWTP Phase Two Expansion and associated downstream facilities. The Phase Two project includes two main components: (1) the expansion of the MRWTP, which would allow MID to provide an additional 33,600 acre-feet annually (afa) of treated domestic water to the City, and (2) the construction of downstream facilities within the City, including storage reservoirs, pump stations, transmission and distribution pipelines, and regulating valves.	NOP	02/26/2004
2004011128	Heritage Memorial Park/Cemetery San Bernardino, City of San Bernardino--San Bernardino The proposal is for construction of a mausoleum and in-ground crypts at an existing funeral parlor. The project will be in three phases. Phase 1 consists of a service pavilion, trellis gazebo, perimeter walls, lawn crypts, private burial estates, and parking lot along the easterly property boundary. Phase 2 consists of a 2-story, 9,268 square foot building, for use as a mausoleum to accommodate approximately 424 crypts. Phase 3 consists of additional lawn crypts. The project involves approximately 3 acres of a 5 acre site.	Neg	02/26/2004
2004011129	Hansen Area Water Recycling Project Los Angeles County Department of Water and Power Los Angeles, City of--Los Angeles The proposed project would consist of the construction of approximately 26,900 linear feet of 20-inch diameter and 5,000 linear feet of 16-inch diameter (a total of approximately 6 miles) of ductile iron pipeline, a booster pump station, and a 1 million gallon (MG) recycled water storage tank. 	of the property. Single-family homes would be constructed on 35 lots, while duplexes would be constructed on another 13 parcels. Typical lot sizes or developable areas range on average between 11,150 and 31,460 square feet for the duplex lots and between 9,000 and 14,000 square feet for the single-family parcels.		
2004012139	Proposed Amendments to the Amended Southeast Chico, Central Chico, Chico Municipal Airport, and Greater Chico Urban Area Redevelopment Project Areas (EP 04-01) Chico, City of Chico--Butte The City of Chico is considering the amendment of its existing Redevelopment Plans to enact a fiscal merger of the Amended Southeast Chico, Central Chico, Chico Municipal Airport, and Greater Chico Urban Area Redevelopment Projects. No new projects are proposed through the amendment process that were not considered in the adopted redevelopment plans.	Neg	03/01/2004
1997111077	Elementary School at Pacific Highlands Ranch Del Mar Union School District San Diego--San Diego The project consists of the acquisition of an approximately 12-acre site for the construction of a public elementary school. The proposed school will include: four separate classroom clusters (buildings) arranged around a central courtyard which is also bordered by the administration, library/science/R.S.P., and multi-purpose/music/art buildings. Athletic/recreational facilities; appurtenant parking and parent and bus dropoff; landscaping and fencing improvements; and an Amphitheater are also part to the project. Provision is made for the future addition of portable classrooms to the facility.	NOD	
2002021050	Bettencourt Ranch Aggregate Mining Project Merced County Merced--Merced To expand existing open-pit rock, sand and gravel mining operations onto an adjacent 536.6 acre area, and reclaim to open-water habitat and farmland.	NOD	
2003032075	Coyote Lake-Harvey Bear Ranch County Park Master Plan Santa Clara County Parks and Recreation Department Gilroy--Santa Clara Program and project level master plan for the 4448 acre Coyote Lake-Harvey Bear Ranch County Park.	NOD	
2003121143	Glendale Community College Athletic Field Lighting Project Glendale Community College District Glendale--Los Angeles The proposed project is the addition of field lighting to an existing college athletic field (football, track and field, and soccer) with bleacher seating for +/-1800. The field lighting will include ten light poles with 1500-watt metal halide clear lamps providing 60 foot-candles (light level necessary for collegiate athletics). The lights will be controlled with separate light zones allowing lighting of a portion or the entire field. The light poles will be 90' tall.	NOD
